Puffco products are intended for, and must be used only by persons of legal age according to state and/or federal law. Puffco reserves the right to verify the age of any customer prior to purchase.

Puffco products are NOT intended for any use which is illegal under any state or federal law.

Puffco products are not intended to diagnose, treat, cure, or prevent any disease or medical condition. If you are pregnant, nursing, taking medication for a medical condition, or suspect you have a medical condition, please consult your physician before using any Puffco product.

INSTRUCTIONS

SETUP

1. Quickly click button 5 times to turn on and off.

4. Press down while screwing the mouthpiece onto the chamber.

2. Unscrew the mouthpiece.

5. Press and hold the button down while inhaling. Keep the pen vertical to ensure efficient heating.

3. Press down on the top to extend the dart. This makes scooping up concentrates much easier.

TEMPERATURE

Click button 4 times to cycle settings.

BLUE

Low temp.

GREEN

Medium temp.

WHITE

High temp.

SESH MODE

Sesh Mode provides 12 seconds of continuous heating. Double click the button to engage Sesh Mode; wait 1 second and inhale.

DO:

Allow 1 second for the chamber to heat up before inhaling.

Keep pen vertical at all times.

Slow long inhales yield the best results.

Remove the dart when thoroughly cleaning.

Regularly clean the gold contacts on the battery and chamber to ensure proper connection.

Only use Puffco Plus chamber with Puffco Plus battery.

DON'T:

Don't fill the chamber above the air holes.

Don't dry fire the device.

Do not fire more than 4 times consecutively.

Used Chambers are not covered under Warranty.

Warning: Chamber may be hot after use.

CLEANING

This is not a vape pen, it's the first pocket nail. Use a cotton swab after each use to remove remaining byproduct. Preheat the chamber to free up excess material before cleaning. Clean the gold pins on the battery and chamber to ensure proper connection.

CHARGING

The Puffco Plus battery fully charges in approximately 45 minutes.

Red indicates charging.

Green indicates fully charged.
